

Aquetong Creek Update:

During the 2023 calendar year, BCTU has been actively working with Solebury Township, AWA, TU, along with other groups to continue the restoration and stream improvement of Aquetong Stream. If you're not familiar, Aquetong Stream has an approximate supply of 300k + gallons of coldwater coming from the spring every single day. BCTU has been a strong advocate for the restoration of the stream to natural state. That has moved forward dramatically in the last 10 years, but there are ongoing challenges. We are still actively working to improve the overall health of the stream, its banks, and surrounds. This ongoing work continues as every year passes. We don't do this alone, a lot of groups and governments also play a large part in this process.

In the upcoming year, we look forward to continued progress, starting with stream improvement, tree plantings, and continued monitoring of the stream. If you would like to learn more or become involved in any way, we host a monthly chapter meeting the first Thursday of every month at the Buckingham Twp. building, doors open at 7 pm. We also host a variety of chapter sponsored events throughout the year. On Feb 29th at 7pm we will be hosting the Fly Fishing Film Festival at the St. Cyril located 1410 Almshouse Rd, Jamison PA. Tickets will be available thru BCTU, Mainstream Outfitters and online www.buckstu.org.

As you know this takes time, people power and finances. We are having our annual raffle (see below) as well as calling for your donations to Bucks County Trout Unlimited for direct use on this stream project.

We are also asking for you to update your email address for our communication. We do NOT share any emails with any other enterprises. You can update your email by sending a note to k.randall@ieee.org

Anyone who would like to be more involved or volunteer in any capacity, please email aquasun@comcast.net

2024 Aquetong Creek Revitalization raffle

Your ticket can win multiple times and you need NOT be present to win. Tickets are 100.00 each.
